**MINUTES AND MEETING NOTES**

---

In accordance with the requirements of the United States Code of Federal Regulations, Title 21, Chapter 1, Subchapter A, Part 56, the forty-first regular quarterly meeting of the American Naturopathic Research Institute (ANRI) and the Naturopathic Oncology Research Institute (NORI) and the International Naturopathic Clinical Research Institute (INCRI) and the Institutional Review Board (IRB) was called to order at 12:05 p.m., February 7, 2020 at 1250 E. Baseline Rd., Suite 205, meeting in Suite 203, Tempe, AZ 85283.

**MEMBERS AND GUESTS**

There were 16 in attendance, including 11 physicians and 5 non-physicians. Welcome everyone!

**UPDATE OF AN ONGOING STUDY**

The people who the research team are working with are pleased that they are working with an IRB.

Goal: Write up results after 40 or 50 patients begin the treatment.

There should be an online focus group or repository as the results come in.

## **GRAND ROUNDS**

We discussed a pancreatic cancer case and a treatment that was used. We also discussed some general considerations regarding multiple myeloma.

A stage 4 breast cancer patient improved greatly after one root canal was removed. A stage 3 breast cancer patient improved after cleaning up the extraction site.

What has worked best with patients is the individualized approach.

## **REGULATORY UPDATE**

We discussed recent changes in federal and state regulatory matters.

## **NATUROPATHIC LICENSING EXAMS**

We discussed a topic that has generated discussion regarding the naturopathic licensing exams.

## **NEXT MEETING**

Let's meet Friday, May 8, 2020, noon, at the usual place.
